

**Howardian Hills Area of Outstanding Natural Beauty
Farming in Protected Landscapes Programme – Year 1
2021-22 Project Summaries**

The following projects were supported:

HH1001	Coney Hill Farm	£17,618.54 for restoration of a traditional farm building, a new public access track and clearance of a scheduled monument burial mound
HH1003-2	Birkdale Farm	£2,227.40 for fencing to allow improved grazing management and pond restoration
HH1004-2	Hall Farm	£5,047 for better management of an unimproved grassland, new hedge planting for increased biodiversity and connectivity, and improved protection of a watercourse
HH1005	Cockpit Farm	£25,371.20 for hedgerow planting to improve connectivity, introduction of areas of legume and herb mix, and provision of a water supply to allow fencing of a watercourse (fencing funded by a complementary project)
HH1007	Lodge Field Farm	£13,460.21 for hedge and tree planting to increase connectivity between existing woodlands and fencing to protect from deer and rabbit damage
HH1008	Wass Grange	£6,666.00 for hedge planting to improve connectivity and fencing to protect a local watercourse
HH1009	Village Farm	£34,068.20 for hedge planting and woodland management to improve connectivity
HH1010	Hovingham Farms	£13,454.40 for hedge planting to improve connectivity and new water supplies to enable better management of grazing
HH1011	Farmgate Farm	£24,613.28 for an improved access track and parking area to facilitate increased access to the area and support development of an existing farm shop, hedging and fencing to protect an historic gravel pit
HH1012	Musley Bank	£5,220.00 to re-establish patterns of ancient hedgerow and enable increased access to the area and volunteering opportunities by a local mental health charity
HH1013	Cowling Pasture	£1,927.72 for hedging and new bridges across a watercourse to enable improved management of the mosaic of high-biodiversity habitats
HH1014	Birkdale Farm	£3,582.00 for hedge planting and hedge laying to improve biodiversity and connectivity
HH1015 into the landscape	Worsley Arms Farm	£3,535.80 to erect fencing to improve the management of semi-improved grassland and to add boundary and infield trees
